## Mayor Howard Resigns; Election Called for Jan. 18

Hollis W. Madden, Mayor

News and Views . . .

### and what have you

by BOB CRAIG

In spite of all of the post-Christmas — the Kiddie Christmas Parade came off real smooth here Tuesday and Ed Duncan and his BCD committee are to be congratulated for their efforts.

The way the weather kept giving them trouble it looked for a while like they might never make it but they did.

This type of Christmas program seems to be as good as any the BCD has come up with in some time. Unless someone could come up with an idea that would draw people from all over the trade area to Hamlin this would seem to be a good program to continue.

—he—  
The Jones County Commissioners are to be commended for their action in hiring a firm to set the valuations within the County on an equal and fair basis. This is something that has been long overdue and was forced on the County by their increased expenses and their reduced income caused by lower oil valuations within the county.

Some of the land in the south part of the county that is not much more than sand dunes is on the rolls at \$5.00 an acre while some of the best land in the County is valued at only \$15.

Knowing people, I am sure that there are some who have already started to complain to the commissioners without even waiting to find out how they will be affected. This is not fair to men we have elected to handle our County's affairs. They must rely on income from property taxes to finance the county's work and this expense should be distributed fairly among the tax payers of the county.

The argument that you always hear from dissatisfied landowners is that their land will not support anymore taxes. This is a very weak argument when you consider that people in town must pay taxes on their homes that do not make them a dime.

It would seem to this writer that now would be a good time for the School District to make some kind of arrangement with the company working for the County to do their work on the district's property outside of the County and then to share in the program within the County.

During the past few years the taxpayers have seen their school taxes increased twice—once by increase in valuations and once by a rate increase. Both times the district found themselves in a bind and the board did not feel that they could wait long enough to equalize the values to raise the needed money.

But now, that the district is out of its bind, would be the time to look into this matter because if we wait until the district needs more money we will again find, as we have before, that there is not enough time to do a thorough job of valuating the property and they will just raise the rate again.

For too long now the people with property in the cities and the oil operators have carried too much of the burden of both the County and the school districts.

There are many who probably feel that the land owners should not carry a bigger share of the taxes through equal valuation, but this should be taken care of by finding some other form of taxation besides property taxes and not by cheating on the present method.

The only way that the Board of Trustees will know that the taxpayers want a revaluation program is for the people to let them know.

Pro-Tem of Hamlin, announced this week the City will hold an election Saturday, January 18, 1964, to fill the vacancies created by the resignation of John V. Howard Jr., mayor, and Madden's position as alderman. The election was necessary when Howard resigned last week and then Madden resigned effective 6 a.m. Jan. 18, in order to seek the position of Mayor.

The term of mayor will expire April 1, 1964, and the term as alderman will expire April 1, 1965.

Filing deadline for anyone interested in seeking either office will be noon Saturday, Dec. 21.

By Tuesday afternoon the only candidate who has signed up for the election was Irby Weaver who will seek the position of alderman. Madden has indicated he will run for mayor but had not officially entered the race as of Tuesday.

In making his resignation, Howard issued the following statement:

"I would like to express my heartfelt appreciation and thanks to my friends of the City of Hamlin for their many kindnesses shown me and for the words of encouragement spoken to me during my term of mayor of this city, and also, for many kind things and words of appreciation spoken to me during the past week.

"It was with regret that I tendered my resignation as Mayor of Hamlin effective December 11, 1963.

"It is a great honor to hold this office and it is my hope

that I upheld the trust invested in me by those who elected me to the office.

"Again may I say, 'thank you' people of Hamlin and I hope that some time in the future, I may have the honor of serving you."

Madden, as Mayor Pro-Tem, said that he expressed the feeling of the council when he said that they accepted Howard's resignation with regret and that he had served the city very ably during his tenure.

Howard was serving his second term as mayor when he resigned.

### FIRE DEPARTMENT KIDDIE DAY SET HERE SATURDAY

A Kiddies Day will be held here under the sponsorship of the Hamlin Volunteer Fire Department.

### Livestock Group Opposes Imports At Directors Meet

The officers and directors of the National Livestock Dealer's Association met over the week end in Kansas City, Mo. according to Cecil Sellers, president. The Association maintains offices here in Hamlin.

One of the main issues of the 9 a.m. meeting Sunday, Dec. 15, was taking a stand on the importing of meat and livestock from foreign countries. It was brought out that 11 per cent of beef now being consumed in the United States is imported. The group believes that this has great bearing on the present depressed livestock business.

The N.L.D.A. made the following resolution and sent a telegram of same to President Lyndon Johnson and Secretary of Agriculture Orville D. Freeman. The resolution is as follows:

"Resolution passed by the executive board of the N. L. D. A. at their semi-annual meeting at the Muehleback Hotel, Kansas City Mo. Dec. 15, 1963.

Be it resolved that the N. L. D. A. recommend that the United States government place quotas on imports of red meat products and livestock, yearly quotas to be based on average tonnage purchased from foreign countries for the past ten years.

"The reason for the above resolution is because of increased imports—large amounts being ruinous to the producers of livestock in the United States."

The Association is urging livestock producers throughout the nation to write their congressmen concerning the situation. Sellers also added that it is very important that producers in this area take immediate action in writing to their Legislators to express their opinion of this matter of deep concern to this area.

### Cowboy Ball in Anson Onens Tonight; Ends Sat.

The 29th annual re-enactment of the Cowboy's Christmas Ball will open Thursday evening and run through Saturday. The three night affair was made famous by the ranch poet, Larry Chittenden.

Pioneer Hall, scene of the ball for over 20 years, is being freshly decorated in holiday colors. The hall, located across the street from City Park, has been the home of the ball since 1940.

Musicians for this year's event will be Don Allen and his "Sunset Ramblers," a Lubbock western swing band.

Approved costumes for the ball will be those of the '80s and '90s.

## 81 ENTER MUCH DELAYED KIDDIE PARADE HERE TUESDAY

After being postponed twice because of bad weather, Hamlin's Kiddie Christmas parade was held at 3:30 p.m. Tuesday. The air was still very chilly but there was no moisture. The temperature did not lessen the children's excitement as they took part in the parade.

The parade included 81 entrants, 12 and under, who were competing for first and second prizes in four divisions.

Sponsored by Hamlin Board of Community Development, the parade was led by the Hamlin Junior High School Band. The high school band followed the children and Santa Claus, in a cart drawn by a shetland pony, threw candy to the children to climax the parade.

Winners of four divisions in the contest were:

Best dressed pet — Jean Ferguson, daughter of Mr. and Mrs. Sam Ferguson, 1st; Latrese Williams, daughter of Mr. and Mrs. Donley Williams, 2nd.

Best decorated bicycle — Erice Fowler, son of Mr. and Mrs. Robert Fowler, 1st; Marshall Lee Bond, son of Mr. and Mrs. Alvis Bond, 2nd.

## Area Churches Plan Special Services Sunday

The full meaning of Christmas will be emphasized this week end in the churches in the Hamlin area as special programs are being planned to commemorate the Birth of Christ. Activities of some of the churches as given to the Herald this week are as follows:

### FOURSQUARE CHURCH

The Foursquare Gospel Church will present its annual Christmas program Sunday, Dec. 22, at 7:00 p.m. A two act play, "The Guiding Star" will be followed by an exchange of gifts and the distribution of fruit and nut bags to everyone present.

"The Guiding Star" is presented in two acts and depicts a greedy father, Joab, who neglects his family in his pursuit of wealth. One son leaves home because of his greedy father and another son becomes desperately ill and wanders away from home but is brought back by the light of the guiding star. Through the return of the ill son and by the influence of the star, the father is completely changed and has a new outlook on life. The family prays to the new king of Israel, Jesus Christ, for the safe return of David, the first son who left home. Mrs. Spencer Liles directs the play.

The public is cordially invited to attend and a special invitation is extended to all children, says the pastor, the Rev. Spencer L. Liles.

NEINDA PHILOSOPHER SAYS IT LOOKS LIKE RUSSIANS GETTING TIRED OF ORBITING WHILE HUNGRY

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 expresses some views on Russian farming this week, his letter indicates.

Dear editor: It has long been my theory that an ordinary Russian citizen finally would get tired of conquering space and losing at the grocery store, that watching satellites on an empty stomach soon loses its excitement, and an item I read last night bears this out.

According to an article from Moscow, "the Soviet masses have displayed open discontent about the shortage of flour and bread."

And Mr. Khrushchev has acknowledged this by announcing he will now spend 46 billion dollars on the Russian fertilizer industry to im-

prove the food situation. It may work, but I doubt it. It's easier to order a satellite to orbit than a farmer to plow. And what a farmer does with fertilizer depends on the farmer, not to mention the weather and the slope of his land, and it's possible to 46 billion dollars on fertilizer and produce only 26 billion dollars worth of food. I've done it, on a fraction of that scale, and the fault wasn't with the fertilizer.

The Soviets may get by, for a time at least, with assuming that all men are exactly alike and will react exactly alike when told what to do, but when they assume all land is alike, they've hit a stump. Ordering every Russian farmer to put 200 pounds of fertilizer per acre on Febru-

ary 1 is like ordering all women to wear a size 10 dress. The contour of a piece of land, like the shape of a woman, is not subject to government regulations.

To get the most out of a farm a man has to intimately acquainted with it, and even then he can flop. I've been studying this Johnson grass farm for years and it hasn't won any prizes.

Russians may get farmers to farm for the love of the fatherland, but there seems to be more to eat when you farm for a profit.

Maybe Russia needs 46 billion dollars worth of fertilizer, but I have a notion it needs to spend a few billion more on the study of human nature.

Yours faithfully, J. A.

Years Ago...

FIVE YEARS AGO:

Crow Brothers Grocery store was burglarized Sunday night and \$80 in cash and an undetermined amount of merchandise was taken, according to Everett Crow, one of the owners.

Tuesday night car wheels and tires were taken from vehicles at these three business places, Teague Implement Co.,

Carl Murrell Chevrolet Co. and Homer Helms garage.

A girl for Mr. and Mrs. Don Gregory was born Nov. 23. After having her weight checked at an even six pounds, the little miss accepted the name Tracy Denise.

Carol Hennington and Robert Carlisle repeated wedding vows in a double ring ceremony last Thursday evening at the McCauley Baptist Church.

TEN YEARS AGO:

Two negro men giving Bryan as their address were being held in Fisher County jail at Roby this week pending grand jury action after being charged with robbing Rev. A. C. Douglas, a Hamlin colored Baptist preacher.

Cotton acreage allotments have been cut 28 per cent for Jones County, it is announced by government agriculture officials.

FIFTEEN YEARS AGO:

The Morgan House, which has been serving family style meals for more than 15 years will stop service after Dec. 18, it is announced by Mrs. Florence Morgan, proprietor.

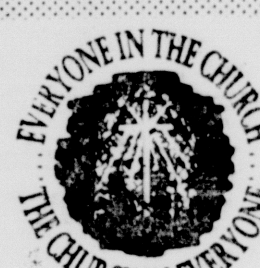

Body of Private Troy Ford, son of Mr. and Mrs. Joe Ford of Hamlin, is being shipped home for reburial. The young Marine was killed in action on Iwo Jima Feb. 27, 1945.

As the old year passes and the new begins, we are more conscious of time itself than we are at any other time of the year.

These are days when most everything is geared to a higher speed. Automobiles are faster, aircraft set new records. Production is speeded up to make the best possible product in the shortest time... but this is a good time to slow down and review the past and to make plans for the future. Think of the past, but only of how you can improve on it. Plan now for the future. Make sure that you will have time for the Lord this New Year. Start now to attend church, make it a regular habit.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MEN! Put New Sparkle In Your Dishwasher's Eyes

Buy her a portable electric dishwasher for Christmas. There's no installation and it comes on rollers for convenience of moving. Later on, if you wish it can be permanently installed.

With an automatic dishwasher your lovely wife can relax after dinner over a second cup of coffee instead of jumping up to face a hot steamy sink full of dirty dishes and harsh detergent. Besides all this men, face it... a soggy dishtowel is no substitute for the sports page or your favorite TV program, and an automatic dishwasher doesn't drop a dish.

## Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Although the Christmas Spirit is settling soothingly over the political scene in the Capital this week, one political topic — the 1964 U. S. Senate race — got a steady workout.

Big question is: Will Sen. Ralph Yarborough, in spite of his recent pledge to back new Pres. Lyndon B. Johnson all the way, get a tough opponent?

Best guess is: He will. Although President Johnson will assume no active role in the campaign.

Leaders of the liberal Texas Democratic Coalition — a combination of labor, Negro groups, the Political Association of Spanish-Speaking Organizations, and independent liberals — recently endorsed President Johnson for election in 1964. But they linked that support to backing of Yarborough also.

These names have been at the center of speculation as possible opponents for Yarborough: former Congressman Lloyd Bentsen Jr. of Houston;

Congressman Jim Wright of Fort Worth; Atty. Gen. Waggoner Carr of Lubbock; and former Gov. Allan Shivers of Austin.

Carr has said he won't run against Yarborough but will seek re-election and look toward the governor's race in 1966 instead. However, some think he still might change his mind.

Bentsen, once regarded as the most-likely contender, cooled toward the Senate race after early opinion checks. Now, with a new political climate in the making, observers say he has reassessed the situation and decided to run. He won't talk until after the Dec. 22 political moratorium, however.

Wright has kept the door open. Both he and Bentsen conceivably could be candidates.

Only announced Democratic candidate for the U. S. Senate Post is John Van Cronkhite of Dallas.

Regardless of who emerges as the Democratic nominee, he will have to meet Republican opposition in November. Republicans who already have announced are George Bush of Houston and Dr. Milton V. Davis of Dallas.

REDISTRICTING — Attorney General Carr asked the U. S. Supreme Court to accept the appeal of the State of Texas against a three-judge Federal court's decision that all 23 Texas Congressmen should be elected statewide.

Carr's appeal says that the high court should recognize

the unfairness of such an "infestation" in the Rio Grande. Furthermore, that it should agree to accept briefs and hear oral arguments on the legal questions involved.

Court has under study a similar order from Georgia in which a three-judge Federal court refused to enter the Congressional-districting field. Still pending is a suit seeking to require redistricting for state legislative purposes. Primarily it is aimed at the Texas constitutional provision under which the 1,200,000 people in Harris County are limited to a single state senator.

Rep. Dick Cherry of Waco has proposed a new approach to this question. He plans to introduce a constitutional amendment which will let the Legislature grow as the state does. This would make possible additional representation for the big-city counties without such a sharp reduction in rural representation.

Cherry's plan would allow the Legislature to determine how many members it shall have, with maximums set for the Senate and House. These would be based on the number of Congressmen Texas is allowed, under automatic Federal law which reallocates seats in the national House of Representatives after each census.

Based on the present census, the Cherry proposal would permit an increase in the State Senate from today's 31 to as many as 46 members, and expand membership in the House from 150 to 172.

REPORT TRAFFIC VIOLATIONS — Homer Garrison Jr., director of the Texas Department of Public Safety, has called on motorists not only to drive safely themselves during the Christmas-New Year holidays, but to "watch out" for those who don't and report them to the nearest police agency.

DPS forecast 95 traffic deaths during the nine days from Christmas Eve through New Year's Day.

Over 150 additional highway patrolmen will be on duty. "But the best work toward reduction of the highway toll can be done by drivers themselves," Garrison said. "General carelessness and inattentiveness, coupled with disregard for the law, stand out as the greatest cause of highway tragedies."

BRAZOS HEARING SET — Texas Water Commission will hold a hearing January 20 on the Brazos River Authority's application to take water for municipal, industrial and irrigation use from four big reservoirs in its watershed.

Commission, which has bought conservation space in the reservoirs from the U. S. Corps of Engineers, still needs a State use permit. Reservoirs are Proctor on the Leon River in Comanche County, Belton on the Leon in Bell County, Stillhouse Hollow on the Lampasas River in Bell County, and Somerville on Yegua Creek in Washington County.

FRUIT FLY INFESTATION — Agriculture Commissioner John C. White plans to turn loose a Mexican fruit fly

SET — A January trial date has been set in the Travis County court on contempt charges growing out of refusal of four to testify before legislative committees.

M. D. Mallard of Bryan, M. C. Parson of Austin and E. D. Dickson of Dallas were cited for balking at House General Investigating Committee questions in the Southwest Conference basketball point-fixing probe.

Judge Earl Sharp of Longview failed to appear before a House committee investigating slant-hole oil well drilling.

## DANGERS OF CHRISTMAS TREES BROUGHT OUT BY TSA

AUSTIN, Tex. — The Texas Safety Association today reminded homeowners to take care in selecting and putting up Christmas trees.

"The evergreen Christmas is one of the most hazardous things you can take into your home," H. D. Carmichael of Dallas, TSA Vice President for Home Safety, said.

"Every Christmas hundreds of home fires are started when trees ignite. Lives are lost, many persons are injured and property damage runs high."

The Vice President said that this situation can be corrected if homeowners will take care in selecting and erecting Christmas trees.

He gave this advice for selecting a tree: Test by bouncing tree butt hard on ground. Tree is fresh if needles do not shower down. Pull needles at end of branch. Tree is fresh if needles have good resistance. Rub finger across stump. Tree is fresh if sticky with resin.

"After selecting your tree, don't get too anxious to set it up in the house," he said. "Stand tree in water outdoors until you are ready to use it. Bring the tree indoors just before Christmas and remove it as soon as it has served its purpose."

Carmichael who also is Director of the Dallas Health and Science Museum, advised cutting off the trunk of the tree at an angle at least one inch above original cut.

Support the tree well. There

## FAIRVIEW NEWS

By MRS. ELMER JOINER

For so long the weather was so beautiful that there was no news, just the same, and you might say the same thing now, bad and cold. There has been a variety of bad weather, some rain, some snow, some ice, which all adds up to a lot of cloudy days. However, all the moisture that falls is a blessing, and you have to take some bad weather to get it.

News out our way seems to be scarce again, too many people ailing and too much bad weather for many to get out.

We are sorry to report that Mr. Jack Gray has been in the Hospital for the last ten days, and is scheduled for surgery this Monday morning.

Mr. and Mrs. Winslow Gray ate lunch and spent Sunday with the Woodrow Goodwins.

Mr. and Mrs. H. L. Ford were Monday night visitors of the Fred Rosenbaums.

Mr. and Mrs. Joe Ford are announcing that they now

have a new great-grand daughter. Her parents are Mr. and Mrs. Modell Warren of Lamesa.

The people out our way were happy to learn that Rev. Derrel Lewis, former pastor, is now living in the parsonage of the Mayfield church, six miles west of Hale Center. The church called him for the full time work, they were to move on the field Dec. 2. The Mayfield church is halfway between Cotton Center and Halfway, anyone knowing that part of the country will know where it is situated. They report that it is a good church and they will not have to seek outside employment, for which we are so happy for them. Their new address is Route 1, Hale Center, Texas.

Suzanne Wicker spent Friday night with Linda Goodwin.

Mr. and Mrs. Flavil Holmes and Mr. and Mrs. Jack Buske, of the Tuxedo community, were visitors of the H. L. Fords, Saturday night.

Rev. Kenneth Leverett had a birthday last week, which they celebrated in Abilene, at Mrs. Leverett's mother's, Mrs. Ellen Tanner. His wife says he is older than he looks to be, but since age and how old anyone looks is a touchy subject all we say is, no comment.

Mrs. E. A. Henry's sister, Mr. and Mrs. Obie Wright, Aspermont, visited them last Wednesday.

The church will have their Christmas program and Christmas tree Friday night, Dec. 20. Wednesday night services will be postponed and all will be combined Friday night. The children drew names and the adults will bring small gifts, to be numbered and all will draw, the ladies bringing something for a lady and the men the same. Sacks of fruit, candy, and nuts, will be distributed to all present, so we invite any that are interested to come be with us.

Mr. and Mrs. Winslow Gray visited with the Rosenbaums, Saturday night.

Well, the coons are at it again at our church. Finding a place where they could dig under, they went to work, and although rocks have been hauled and the place filled in several times, they are smart enough to just pull them out, and go under again. Some of the men, Sunday, prepared a feast for them of syrup and lye mixed together, but it being inspected this morning, it seems that they didn't bother it, which proves they are still pretty smart. All we wish is that all people out our way

## January Draft Quota Up for State

AUSTIN, Tex. — The state draft board quota for January calls for 812 men, compared to 667 for December, Colonel Morris S. Schwartz, state Selective Service director, said Wednesday.

were as anxious to get into the church as the coons are, wouldn't we have a good turnout?

## HOW TO FIRE PROOF SANTA'S SUIT

AUSTIN, TEX. — Santa's suit or your child's costume

The state quota of 812 for January is the Texas share of a national call for 16,000 men, all for the Army.

More than 4,000 men over state will be called up for pre-induction physical and mental examinations in January, also, the state director of Selective Service said.

for a Christmas play can be made fire proof with a solution of nine ounces of borax and four ounces of boric acid and one gallon of hot water. Saturate fabric and hang to dry. The Texas Safety Association says this method must be repeated after each washing — and don't forget Santa's whiskers.

## DRIVE A WINTER-SAFE CAR 'HOME FOR XMAS'

AUSTIN, TEX. — If you

are going "home for the holidays," drive a winter-safe car and drive it with care, says the Texas Safety Association. And, make sure you are in good physical condition too.

# SAFETY GROUP URGES CARE IN SELECTING CHRISTMAS TOYS

AUSTIN — The Texas Safety Association today advised Christmas shoppers to keep safety in mind when selecting toys for children.  
Mrs. L. E. Dudley, President of Women's Activities for TSA, said toys should be selected that are sturdy and well-made and that are "suitable for the child's age."  
"Cheaply constructed toys which may come apart or be broken under strenuous child play, have no place under the Christmas tree," she said.  
Mrs. Dudley suggests testing toys for strength. See how much bending it will take and whether it will last past Christmas Day.

In pointing out that toys should be selected to match the child's ability, she said:  
"A toy that may easily be handled by an eight-year-old can not always be handled by a four-year-old. A toy which is too heavy for a child can cause an accident."

She explained that toys for babies and very young children should be washable, large, light in weight and of non-brittle material. All toys made of lead or colored with lead-based paints should be avoided.  
"Key-winding toys should have a strong spring inclosed in cylinder and keys should not revolve when the toy is in action," she added.  
Mrs. Dudley suggested that

electric toys should have the label of the Underwriter's Lab (UL) on the cord and the toy itself.  
She urged parents to instruct children in the proper handling, such as air rifles, chemistry sets and darts, bows and arrows," she said.  
"Assist children in acquiring skill before trusting them alone with such toys."

## LOCAL RADIO CLUB GIVES AID TO SEVERAL MOTORISTS

The Citizens Radio Club in the Hamlin area has recently on several occasions rendered aid to the public through use of two-way radio. The official name of the club is, Air-Ways CB Club.

On Thursday, Dec. 12, members of the club were at the scene of an automobile accident on Highway 83 very soon after the accident occurred. Jerry Pritchard, a member of the club, was among the first to arrive at the accident where he helped to direct traf-

fic and also radioed into town for a truck to bring the wrecked auto in. Bill Foster, also a member of the club, was on the scene within minutes to bring the injured in to the hospital by ambulance.

On another occasion Delton Jackson and Gary Cooper helped a family whose auto had broken down. Cooper, an automobile mechanic, repaired the car while Jackson radioed into town to other members of the club who brought out parts and water. The stranded family was soon on its way and grateful indeed for the assistance rendered by the Air-Ways CB Club.

Tom Pritchard stopped to offer help to a lady whose car had run out of gas, he radioed in to another member of the club who was soon on his way out with gasoline. KPAR-TV, on the Local Reporter, gave the club credit for being first to report the fire in Rotan which destroyed the Chevrolet house. Members of the club also helped to fight the blaze. The club has direct contact with KPAR News.

Air-Ways CB Club was organized Nov. 4 of this year and already has 33 members from five counties. Others plan to join the club the first of the year. There are 15 mobile units immediately available, 6 walkie-talkie units and 17 base stations. All units, with other equipment, are always available in case of disaster. The primary motive of the club is to render aid to the public without charge or public recognition.

The club meets the first and third Mondays of each month. Anyone wishing to join may contact one of the members.

## Bascom Connally Files Suit for \$62,500 Damages

Bascom H. Connally, Stamford policeman who was seriously injured May 27 of last year when struck by a car at the northwest corner of the square, has filed suit in 104th District Court at Anson, seeking \$62,500 damages.

Names as defendant is Bill Maddox Jr. of Hamlin.

In his petition, the officer claims he was walking south across McHarg Street at the intersection when he was struck by a pickup truck driven by Maddox. The accident occurred about 10 o'clock at night.

Connally claims that the defendant was negligent in that he was driving too fast, was driving too fast for the weather conditions that night, that he ran through the intersection even though the light on the corner was red, that his pickup had no lights or that they were not proper lights.

Impact of the vehicle knocked him some 50 feet, Connally claims. Injuries necessitated his being hospitalized for a considerable time. The plaintiff is seeking \$1250 to cover hospital and doctor bills of the past, \$1250 for hospital and doctor bills of the future, and \$50,000 damages.

In the petition, Connally says he still suffers as a result of the accident and that he lost some use of one of his arms and that he has trouble breathing because "of injury to his nose."

## LIFE OR DEATH IS IN YOUR HANDS

## Ten Prizes Yet to Be Claimed in Contest

There are ten valuable prizes waiting to be claimed by ten lucky people in this area in the \$100,000 Kleen-Up Whirlpool National sweepstakes contest which is sponsored in Hamlin by Coin Clean Center and in Stamford by The Wash Pot Laundry and Dry Cleaning, according to Mrs. George Kinney, owner.

Three lists of winning numbers are posted in Coin Clean Center, Hamlin, and in The Wash Pot, Stamford. Holders of contest books are urged to check their numbers immediately.

On List No. One, there are five winners in this area and, to date, only one lucky number has been claimed. Mrs. Jerry Garner, Stamford, brought in her lucky book and received a set of stainless steel steak knives. Her prize was a "Consolation Prize." On Lists No. Two and No. Three, there are three lucky numbers on each, so that makes a total of ten winning numbers out in the Stamford and Hamlin territory waiting to be claimed.

Mrs. Kinney said, "If you have not yet received your contest book, go to Coin Clean Center or The Wash Pot, Stamford and get one and be sure to check you number with all three 'Winning Number Lists'. The contest officially ends Dec. 31, 1963, so winners have only until then to claim their prizes."

## Mayor Howard Resigns; Election Called for Jan. 18

Hollis W. Madden, Mayor

News and Views...

### and what have you

by BOB CRAIG

In spite of all of the postponements — the Kiddie Christmas Parade came off real smooth here Tuesday and Ed Duncan and his BCD committee are to be congratulated for their efforts.

The way the weather kept giving them trouble it looked for a while like they might never make it but they did.

This type of Christmas program seems to be as good as any the BCD has come up with in some time. Unless someone could come up with an idea that would draw people from all over the trade area to Hamlin this would seem to be a good program to continue.

—he—

The Jones County Commissioners are to be commended for their action in hiring a firm to set the valuations within the County on an equal and fair basis. This is something that has been long overdue and was forced on the County by their increased expenses and their reduced income caused by lower oil valuations within the county.

Some of the land in the south part of the county that is not much more than sand dunes is on the rolls at \$5.00 an acre while some of the best land in the County is valued at only \$15.

Knowing people, I am sure that there are some who have already started to complain to the commissioners without even waiting to find out how they will be affected. This is not fair to men we have elected to handle our County's affairs. They must rely on income from property taxes to finance the county's work and this expense should be distributed fairly among the tax payers of the county.

The argument that you always hear from dissatisfied landowners is that their land will not support anymore taxes. This is a very weak argument when you consider that people in town must pay taxes on their homes that do not make them a dime.

It would seem to this writer that now would be a good time for the School District to make some kind of arrangement with the company working for the County to do their work on the district's property outside of the County and then to share in the program within the County.

During the past few years the taxpayers have seen their school taxes increased twice—once by increase in valuations and once by a rate increase. Both times the district found themselves in a bind and the board did not feel that they could wait long enough to equalize the values to raise the needed money.

But now, that the district is out of its bind, would be the time to look into this matter because if we wait until the district needs more money we will again find, as we have before, that there is not enough time to do a thorough job of valuating the property and they will just raise the rate again.

For too long now the people with property in the cities and the oil operators have carried too much of the burden of both the County and the school districts.

There are many who probably feel that the land owners should not carry a bigger share of the taxes through equal valuation, but this should be taken care of by finding some other form of taxation besides property taxes and not by cheating on the present method.

The only way that the Board of Trustees will know that the taxpayers want a revaluation program is for the people to let them know.

Pro-Tem of Hamlin, announced this week the City will hold an election Saturday, January 18, 1964, to fill the vacancies created by the resignation of John V. Howard Jr., mayor, and Madden's position as alderman. The election was necessary when Howard resigned last week and then Madden resigned effective 6 a.m. Jan. 18, in order to seek the position of Mayor.

The term of mayor will expire April 1, 1964, and the term as alderman will expire April 1, 1965.

Filing deadline for anyone interested in seeking either office will be noon Saturday, Dec. 21.

By Tuesday afternoon the only candidate who has signed up for the election was Irby Weaver who will seek the position of alderman. Madden has indicated he will run for mayor but had not officially entered the race as of Tuesday.

In making his resignation, Howard issued the following statement:

"I would like to express my heartfelt appreciation and thanks to my friends of the City of Hamlin for their many kindnesses shown me and for the words of encouragement spoken to me during my term of mayor of this city, and also, for many kind things and words of appreciation spoken to me during the past week.

"It was with regret that I tendered my resignation as Mayor of Hamlin effective December 11, 1963.

"It is a great honor to hold this office and it is my hope

that I upheld the trust invested in me by those who elected me to the office.

"Again may I say, 'thank you' people of Hamlin and I hope that some time in the future, I may have the honor of serving you."

Madden, as Mayor Pro-Tem, said that he expressed the feeling of the council when he said that they accepted Howard's resignation with regret and that he had served the city very ably during his tenure.

Howard was serving his second term as mayor when he resigned.

### FIRE DEPARTMENT KIDDIE DAY SET HERE SATURDAY

A Kiddies Day will be held here under the sponsorship of the Hamlin Volunteer Fire Department.

The popcorn machine and rides will be rented from Uncle Joe's Amusements and will be operated by the firemen.

### Livestock Group Opposes Imports At Directors Meet

The officers and directors of the National Livestock Dealer's Association met over the week end in Kansas City, Mo. according to Cecil Sellers, president. The Association maintains offices here in Hamlin.

One of the main issues of the 9 a.m. meeting Sunday, Dec. 15, was taking a stand on the importing of meat and livestock from foreign countries. It was brought out that 11 per cent of beef now being consumed in the United States is imported. The group believes that this has great bearing on the present depressed livestock business.

The N.L.D.A. made the following resolution and sent a telegram of same to President Lyndon Johnson and Secretary of Agriculture Orville D. Freeman. The resolution is as follows:

"Resolution passed by the executive board of the N. L. D. A. at their semi-annual meeting at the Muehleback Hotel, Kansas City, Mo. Dec. 15, 1963.

Be it resolved that the N. L. D. A. recommend that the United States government place quotas on imports of red meat products and livestock, yearly quotas to be based on average tonnage purchased from foreign countries for the past ten years.

"The reason for the above resolution is because of increased imports — large amounts being ruinous to the producers of livestock in the United States."

The Association is urging livestock producers throughout the nation to write their congressmen concerning the situation. Sellers also added that it is very important that producers in this area take immediate action in writing their Legislators to express their opinion of this matter of deep concern to this area.

### Cowboy Ball in Owens Ball Tonight; Ends Sat.

The 29th annual re-enactment of the Cowboy's Christmas Ball will open Thursday evening and run through Saturday. The three night affair was made famous by the ranch poet, Larry Chittenden.

Pioneer Hall, scene of the ball for over 20 years, is being freshly decorated in holiday colors. The hall, located across the street from City Park, has been the home of the ball since 1940.

Musicians for this year's event will be Don Allen and his "Sunset Ramblers," a Lubbock western swing band.

Approved costumes for the ball will be those of the '80s and '90s.

**WINNERS OF BEST COSTUME EVENT**—Kathe Christian, right, was first place winner in the costume division with her Bo-Peep costume. The second place winner in the same division was Angela Traugber, pictured left. The girls were entered among the 81 entries in the Kiddie Christmas Parade held here Tuesday.

## 81 ENTER MUCH DELAYED KIDDIE PARADE HERE TUESDAY

After being postponed twice because of bad weather, Hamlin's Kiddie Christmas parade was held at 3:30 p.m. Tuesday. The air was still very chilly but there was no moisture. The temperature did not lessen the children's excitement as they took part in the parade.

The parade included 81 entrants, 12 and under, who were competing for first and second prizes in four divisions.

Sponsored by Hamlin Board of Community Development, the parade was led by the Hamlin Junior High School Band. The high school band followed the children and Santa Claus, in a cart drawn by a shetland pony, threw candy to the children to climax the parade.

Winners of four divisions in the contest were:

Best dressed pet — Jean Ferguson, daughter of Mr. and Mrs. Sam Ferguson, 1st; Latrese Williams, daughter of Mr. and Mrs. Donley Williams, 2nd.

Best decorated bicycle — Brice Fowler, son of Mr. and Mrs. Robert Fowler, 1st; Marshall Lee Bond, son of Mr. and Mrs. Alvis Bond, 2nd.

### Poll Tax Payments Still Laaging in Jones County

Payment of poll taxes in Jones County continued to lag behind past years but sales picked up during the past week, A. J. French Jr., tax assessor-collector, said Monday. Total issued to noon on that day was 480.

The chamber of commerce office in Stamford started issuing receipts this week and the number qualifying to vote is expected to increase rapidly.

Many voters held off paying poll tax this year, awaiting the outcome of the proposed constitutional amendment which would outlaw the poll tax as a prerequisite to voting. The amendment was defeated decisively and a poll tax receipt is still required.

## Area Churches Plan Special Services Sunday

The full meaning of Christmas will be emphasized this week end in the churches in the Hamlin area as special programs are being planned to commemorate the Birth of Christ. Activities of some of the churches as given to the Herald this week are as follows:

One son leaves home because of his greedy father and another son becomes desperately ill and wanders away from home but is brought back by the light of the guiding star. Through the return of the ill son and by the influence of the star, the father is completely changed and has a new outlook on life. The family prays to the new king of Israel, Jesus Christ, for the safe return of David, the first son who left home. Mrs. Spencer Liles directs the play.

The public is cordially invited to attend and a special invitation is extended to all children, says the pastor, the Rev. Spencer L. Liles.

# NEINDA PHILOSOPHER SAYS IT LOOKS LIKE RUSSIANS GETTING TIRED OF ORBITING WHILE HUNGRY

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 expresses some views on Russian farming this week, his letter indicates.

Dear editor:

It has long been my theory that an ordinary Russian citizen finally would get tired of conquering space and losing at the grocery store, that watching satellites on an empty stomach soon loses its excitement, and an item I read last night bears this out.

According to an article from Moscow, "the Soviet masses have displayed open discontent about the shortage of flour and bread."

And Mr. Khrushchev has acknowledged this by announcing he will now spend 46 billion dollars on the Russian fertilizer industry to im-

prove the food situation.

It may work, but I doubt it. It's easier to order a satellite to orbit than a farmer to plow. And what a farmer does with fertilizer depends on the farmer, not to mention the weather and the slope of his land, and it's possible to 46 billion dollars on fertilizer and produce only 26 billion dollars worth of food. I've done it, on a fraction of that scale, and the fault wasn't with the fertilizer.

The Soviets may get by, for a time at least, with assuming that all men are exactly alike and will react exactly alike when told what to do, but when they assume all land is alike, they've hit a stump. Ordering every Russian farmer to put 200 pounds of fertilizer per acre on Febru-

ary 1 is like ordering all women to wear a size 10 dress. The contour of a piece of land, like the shape of a woman, is not subject to government regulations.

To get the most out of a farm a man has to intimately acquainted with it, and even then he can flop. I've been studying this Johnson grass farm for years and it hasn't won any prizes.

Russians may get farmers to farm for the love of the fatherland, but there seems to be more to eat when you farm for a profit.

Maybe Russia needs 46 billion dollars worth of fertilizer, but I have a notion it needs to spend a few billion more on the study of human nature.

Yours faithfully,  
J. A.

## Years Ago...

### FIVE YEARS AGO:

Crow Brothers Grocery store was burglarized Sunday night and \$80 in cash and an undetermined amount of merchandise was taken, according to Everett Crow, one of the owners.

Tuesday night car wheels and tires were taken from vehicles at these three business places, Teague Implement Co.,

Carl Murrell Chevrolet Co. and Homer Helms garage.

A girl for Mr. and Mrs. Don Gregory was born Nov. 23. After having her weight checked at an even six pounds, the little miss accepted the name Tracy Denise.

Carol Hennington and Robert Carlisle repeated wedding vows in a double ring ceremony last Thursday evening at the McCauley Baptist Church.

### TEN YEARS AGO:

Two negro men giving Bryan as their address were being held in Fisher County jail at Roby this week pending grand jury action after being charged with robbing Rev. A. C. Douglas, a Hamlin colored Baptist preacher.

Cotton acreage allotments have been cut 28 per cent for Jones County, it is announced by government agriculture officials.

### FIFTEEN YEARS AGO:

The Morgan House, which has been serving family style meals for more than 15 years will stop service after Dec. 18, it is announced by Mrs. Florence Morgan, proprietor. Body of Private Troy Ford of Hamlin, is being shipped home for reburial. The young Marine was killed in action on Iwo Jima Feb. 27, 1945.

## TIME...

As the old year passes and the new begins, we are more conscious of time itself than we are at any other time of the year.

These are days when most everything is geared to a higher speed. Automobiles are faster, aircraft set new records. Production is speeded up to make the best possible product in the shortest time... but this is a good time to slow down and review the past and to make plans for the future. Think of the past, but only of how you can improve on it. Plan now for the future. Make sure that you will have time for the Lord this New Year. Start now to attend church, make it a regular habit.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

FIRE  
HER!

Buy her a portable electric dishwasher for Christmas. There's no installation and it comes on rollers for convenience of moving. Later on, if you wish it can be permanently installed.

With an automatic dishwasher your lovely wife can relax after dinner over a second cup of coffee instead of jumping up to face a hot steamy sink full of dirty dishes and harsh detergent. Besides all this men, face it... a soggy dishtowel is no substitute for the sports page or your favorite TV program, and an automatic dishwasher doesn't drop a dish.

## Highlights AND Sidelights

by Vern Sanford

AUSTIN, Tex. — Although the Christmas Spirit is settling soothingly over the political scene in the Capital this week, one political topic — the 1964 U. S. Senate race — got a steady workout.

Big question is: Will Sen. Ralph Yarborough, in spite of his recent pledge to back new Pres. Lyndon B. Johnson all the way, get a tough opponent?

Best guess is: He will, although President Johnson will assume no active role in the campaign.

Leaders of the liberal Texas Democratic Coalition — a combination of labor, Negro groups, the Political Association of Spanish-Speaking Organizations, and independent liberals — recently endorsed President Johnson for election in 1964. But they linked that support to backing of Yarborough also.

These names have been at the center of speculation as possible opponents for Yarborough: former Congressman Lloyd Bentsen Jr. of Houston;

Congressman Jim Wright of Fort Worth; Atty. Gen. Waggoner Carr of Lubbock; and former Gov. Allan Shivers of Austin.

Carr has said he won't run against Yarborough but will seek re-election and look toward the governor's race in 1966 instead. However, some think he still might change his mind.

Bentsen, once regarded as the most-likely contender, cooled toward the Senate race after early opinion checks. Now, with a new political climate in the making, observers say he has reassessed the situation and decided to run. He won't talk until after the Dec. 22 political moratorium, however.

Wright has kept the door open. Both he and Bentsen conceivably could be candidates.

Only announced Democratic candidate for the U. S. Senate Post is John Van Cronkhite of Dallas.

Regardless of who emerges as the Democratic nominee, he will have to meet Republican opposition in November. Republicans who already have announced are George Bush of Houston and Dr. Milton V. Davis of Dallas.

REDISTRICTING — Attorney General Carr asked the U. S. Supreme Court to accept the appeal of the State of Texas against a three-judge Federal court's decision that all 23 Texas Congressmen should be elected statewide.

Carr's appeal says that the high court should recognize

the unfairness of such an order. Furthermore, that it de Valley Circuit groves next month.

But no damage will result. State and federal entomologists will release large colonies of sterilized fruit flies in the area to study their migration habits. Test flies will be fed a dye which glows under fluorescent light. Data gathering from the sterile fly test will help researchers work out effective control program over dangerous flies in the future.

UNEMPLOYMENT BENEFITS — A record \$88,300,000 in unemployment compensation benefits was paid by the Texas Employment Commission during the year ending August 31, 1963. This was revealed in a TEC report to Governor Connally, which said the record payment represented a 28 percent increase over 1962.

During the report period, the number of persons paid state unemployment benefits rose six per cent to 271,800, while 79,000 Texas employers covered by the Act contributed two per cent more than during the preceding year.

On the bright side of job picture the Commission said it found jobs for 900,000 persons during 1963.

CONTEMPT HEARING — Judge Earl Sharp of Longview failed to appear before a House committee investigating slant-hole oil well drilling.

SHORT SNORTS — Governor Connally named Mrs. Netha Frame of Fort Worth to the State Board of Cosmetology to succeed Mrs. Edna Moore of San Marcos.

A Legislative Internship Advisory Committee is negotiating for a Ford Foundation grant to supplement State Funds in a program aimed at interesting young Texans in governmental careers.

Texas public school administrators will hold their annual

advisory conference on education here on Jan. 8-10. First meeting of the statewide Citizens Committee for Cos metology to succeed Mrs. munity Mental Health Planning was held here on Dec. 14 to map a county-by-county study of mental health problems.

The State is back in the red, State Treasurer Jesse James reports. The shaky general revenue fund showed a \$12,400.00 deficit on Dec. 12.

John Arthur Hill of Midland, Eileen Marie Nelson of Fort Worth, Linda Jo Rumbel of San Antonio and William Dean Letbetter of Bryan are Texas Education Agency nominees for 1964 Fulbright-Hays scholarship awards.

DANGERS OF CHRISTMAS TREES BROUGHT OUT BY TSA

AUSTIN, Tex. — The Texas Safety Association today reminded homeowners to take care in selecting and putting up Christmas trees.

"The evergreen Christmas is one of the most hazardous things you can take into your home," H. D. Carmichael of Dallas, TSA Vice President for Home Safety, said.

"Every Christmas hundreds of home fires are started when trees ignite. Lives are lost, many persons are injured and property damage runs high."

The Vice President said that this situation can be corrected if homeowners will take care in selecting and erecting Christmas trees.

He gave this advice for selecting a tree: Test by bouncing tree butt hard on ground. Tree is fresh if needles do not shower down. Pull needles at end of branch. Tree is fresh if needles have good resistance. Rub finger across stump. Tree is fresh if sticky with resin.

"After selecting your tree, don't get too anxious to set it up in the house," he said. "Stand tree in water outdoors until you are ready to use it. Bring the tree indoors just before Christmas and remove it as soon as it has served its purpose."

Carmichael who also is Director of the Dallas Health and Science Museum, advised cutting off the trunk of the tree at an angle at least one inch above original cut.

Support the tree well. There are many stands on the market which not only are sturdy, have a broad base and clamps for anchoring tree, but also have a receptacle for water.

"If the freshly cut tree trunk is placed in water and level of water is above the cut at all times, the tree will stay fresh," he said.

He suggested that the tree be kept away from sources of heat and placed in such a position that standing or fallen, it could not block the way out of the room in case of fire.

Do not use wax candles on the tree or nearby where there is any chance for an open flame to contact the tree or or combustibles piled beneath the tree.

Check lighting sets each year for frayed wires, loose connections, and broken sockets before using. Use only electric lighting sets that bear the Underwriters' Laboratories label. Be sure the fuse of the electric circuit serving the tree is not over 15 amperes. Cord sets with a fuse in the plug bearing a UL label are available.

Make certain all tree lighting is turned off before you retire or leave the house. Use non-combustible material to decorate. Metal and glass decorations are non-flammable. Do not let metal foil icicles or tinsel touch a light socket or cord.

Carmichael added another word of caution for homeowners using metallic trees.

"Never use electric lights on metallic trees. A voltage leakage from faulty lights or wiring on a metallic tree can electrically energize all or parts of the tree," he pointed out.

Wallace, Teresa Josey, Ruth Simpson, Rose Lovell, Donna Pruitt, Carolyn Reynolds, Marolyn Reynolds, Connie Jo Duncan, Mary Ann Elkins, and Mary Margaret Turner.

# FAIRVIEW NEWS

By MRS. ELMER JOINER

For so long the weather was so beautiful that there was no news, just the same, and you might say the same thing now, bad and cold. There has been a variety of bad weather, some rain, some snow, some ice, which all adds up to a lot of cloudy days. However, all the moisture that falls is a blessing, and you have to take some bad weather to get it.

News out our way seems to be scarce again, too many people ailing and too much bad weather for many to get out.

We are sorry to report that Mr. Jack Gray has been in the Hospital for the last ten days, and is scheduled for surgery this Monday morning.

Mr. and Mrs. Winson Gray ate lunch and spent Sunday with the Woodrow Goodwins.

Mr. and Mrs. H. L. Ford were Monday night visitors of the Fred Rosenbaums.

Mr. and Mrs. Joe Ford are announcing that they now

have a new great-grand daughter. Her parents are Mr. and Mrs. Modell Warren of Lamesa.

The people out our way were happy to learn that Rev. Derrel Lewis, former pastor, is now living in the parsonage of the Mayfield church, six miles west of Hale Center. The church called him for the full time work, they were to move on the field Dec. 2. The Mayfield church is halfway between Cotton Center and Halfway, anyone knowing that part of the country will know where it is situated. They report that it is a good church and they will not have to seek outside employment, for which we are so happy for them. Their new address is Route 1, Hale Center, Texas.

Suzanne Wicker spent Friday night with Linda Goodwin.

Mr. and Mrs. Flavil Holmes and Mr. and Mrs. Jack Buske, of the Tuxedo community, were visitors of the H. L. Fords, Saturday night.

Rev. Kenneth Leverett had a birthday last week, which they celebrated in Abilene, at Mrs. Leveretts mother's, Mrs. Ellen Tanner. His wife says he is older than he looks to be, but since age and how old anyone looks is a touchy subject all we say is, no comment.

Mrs. E. A. Henry's sister, Mr. and Mrs. Obie Wright, Aspermont, visited them last Wednesday.

The church will have their Christmas program and Christmas tree Friday night, Dec. 20. Wednesday night services will be postponed and all will be combined Friday night. The children drew names and the adults will bring small gifts, to be numbered and all will draw, the ladies bringing something for a lady and the men the same. Sacks of fruit, candy, and nuts, will be distributed to all present, so we invite any that are interested to come be with us.

Mr. and Mrs. Winson Gray visited with the Rosenbaum's, Saturday night.

Well, the coons are at it again at our church. Finding a place where they could dig under, they went to work, and although rocks have been hauled and the place filled in several times, they are smart enough to just pull them out, and go under again. Some of the men, Sunday, prepared a feast for them of syrup and lye mixed together, but it being inspected this morning, it seems that they didn't bother it, which proves they are still plenty smart. All we wish is that all people out our way

## January Draft Quota Up for State

AUSTIN, Tex. — The state draft board quota for January calls for 812 men, compared to 667 for December. Colonel Morris S. Schwartz, state Selective Service director, said Wednesday.

were as anxious to get into the church as the coons are, wouldn't we have a good turnout?

The state quota of 812 for January is the Texas share of a national call for 16,000 men, all for the Army.

More than 4,000 men over state will be called up for pre-induction physical and mental examinations in January, also, the state director of Selective Service said.

### HOW TO FIRE PROOF SANTA'S SUIT

AUSTIN, TEX. — Santa's suit or your child's costume

for a Christmas play can be made fire proof with a solution of nine ounces of borax and four ounces of boric acid and one gallon of hot water. Saturate fabric and hang to dry. The Texas Safety Association says this method must be repeated after each washing — and don't forget Santa's whiskers.

### DRIVE A WINTER-SAFE CAR 'HOME FOR XMAS'

AUSTIN, TEX. — If you

are going "home for the holidays," drive a winter-safe car and drive it with care, says the Texas Safety Association. And, make sure you are in good physical condition too.

## LOCAL RADIO CLUB GIVES AID TO SEVERAL MOTORISTS

The Citizens Radio Club in the Hamlin area has recently on several occasions rendered aid to the public through use of two-way radio. The official name of the club is Air-Ways CB Club.

On Thursday, Dec. 12, members of the club were at the scene of an automobile accident on Highway 83 very soon after the accident occurred. Jerry Pritchard, a member of the club, was among the first to arrive at the accident where he helped to direct traf-

fic and also radioed into town for a truck to bring the wrecked auto in. Bill Foster, also a member of the club, was on the scene within minutes to bring the injured in to the hospital by ambulance.

On another occasion Delton Jackson and Gary Cooper helped a family whose auto had broken down. Cooper, an automobile mechanic, repaired the car while Jackson radioed into town to other members of the club who brought out parts and water. The stranded family was soon on its way and grateful indeed for the assistance rendered by the Air-Ways CB Club.

Tom Pritchard stopped to offer help to a lady whose car had run out of gas, he radioed in to another member of the club who was soon on his way out with gasoline.

KPAR-TV, on the Local Reporter, gave the club credit for being first to report the fire in Rotan which destroyed the Chevrolet house. Members of the club also helped to fight the blaze. The club has direct contact with KPAR News.

Air-Ways CB Club was organized Nov. 4 of this year and already has 33 members from five counties. Others plan to join the club the first of the year. There are 15 mobile units immediately available, 6 walkie-talkie units and 17 base stations. All units, with other equipment, are always available in case of disaster. The primary motive of the club is to render aid to the public without charge or public recognition.

The club meets the first and third Mondays of each month. Anyone wishing to join may contact one of the members.

## Bascom Connally Files Suit for \$62,500 Damages

Bascom H. Connally, Stamford policeman who was seriously injured May 27 of last year when struck by a car at the northwest corner of the square, has filed suit in 104th District Court at Anson, seeking \$62,500 damages.

Names as defendant is Bill Maddox Jr. of Hamlin.

In his petition, the officer claims he was walking south across McHarg Street at the intersection when he was struck by a pickup truck driven by Maddox. The accident occurred about 10 o'clock at night.

Connally claims that the defendant was negligent in that he was driving too fast, was driving too fast for the weather conditions that night, that he ran through the intersection even though the light on the corner was red, that his pickup had no lights or that they were not proper lights.

Impact of the vehicle knocked him some 50 feet, Connally claims. Injuries necessitated his being hospitalized for a considerable time. The plaintiff is seeking \$1250 to cover hospital and doctor bills of the past, \$1250 for hospital and doctor bills of the future, and \$50,000 damages.

In the petition, Connally says he still suffers as a result of the accident and that he lost some use of one of his arms and that he has trouble breathing because "of injury to his nose."

**LIFE OR DEATH IS IN YOUR HANDS**

AUSTIN, Tex. — The Christmas season is a good time for a bit of soul-searching on the question: "Am I my brother's keeper?" The Texas Safety Association reminds drivers: When you are behind the wheel, LIFE or DEATH is in your hands.

## Ten Prizes Yet to Be Claimed in Contest

There are ten valuable prizes waiting to be claimed by ten lucky people in this area in the \$100,000 Klean-Up Whirlpool National sweepstakes contest which is sponsored in Hamlin by Coin Clean Center and in Stamford by The Wash Pot Laundry and Dry Cleaning, according to Mrs. George Kinney, owner.

Three lists of winning numbers are posted in Coin Clean Center, Hamlin, and in The Wash Pot, Stamford. Holders of contest books are urged to check their numbers immediately.

On List No. One, there are five winners in this area and, to date, only one lucky number has been claimed. Mrs. Jerry Garner, Stamford, brought in her lucky book and received a set of stainless steel steak knives. Her prize was a "Consolation Prize." On Lists No. Two and No. Three, there are three lucky numbers on each, so that makes a total of ten winning numbers out in the Stamford and Hamlin territory waiting to be claimed.

Mrs. Kinney said, "If you have not yet received your contest book, go to Coin Clean Center or The Wash Pot, Stamford and get one and be sure to check your number with all three 'Winning Number Lists'. The contest officially ends Dec. 31, 1963, so winners have only until then to claim their prizes."

**BE PREPARED FOR BAD WEATHER**

AUSTIN, Tex. — The Texas Safety Association urges motorists to be prepared for weather conditions which make driving hazardous. Check your tires for traction and remember, on ice, reinforced tire chains give up to five times as much traction as regular chains.
